“As one of the most influential critics of Vladimir Putin’s reign of Terror, Garry Kasparov has become a champion for the causes of freedom, democracy and human rights in Russia.”

- United States Senator **John McCain**

“Garry Kasparov has written a passionate indictment both of Russia’s kleptocracy and the complacency of Western democracies in the face of Putin. This threat has become our central foreign policy challenge, and Kasparov’s arguments are essential in understanding how to face it.”

- **Francis Fukuyama**, Stanford University,
